DODGEVILLE, Wis., March 17, 2021 (GLOBE NEWSWIRE) -- Lands' End, Inc. (NASDAQ: LE) today announced financial results for the fourth quarter and fiscal year ended January 29, 2021 compared to the fourth quarter and fiscal year ended January 31, 2020.

### **Fiscal Fourth Quarter Financial Highlights:**

- For the fourth quarter, net revenue decreased 2.0% to \$538.4 million, compared to \$549.5 million in the fourth quarter last year. Excluding the approximately \$40.0 million impact from the American Airlines launch from the prior year period, net revenue would have increased by 5.6%.
  - Global eCommerce net revenue increased 7.5% for the fourth quarter, driven by Europe eCommerce increasing 38.0% and U.S. eCommerce growing 3.7% which included an increase in the total global buyer file by 5.0% with an increase of 13.7% in new customers.
  - Third Party net revenue, which includes U.S. wholesale revenues and sales on third party marketplaces, increased to \$21.3 million, a 298.2% increase as compared to the fourth quarter last year.
  - Outfitters net revenue declined 54.2% to \$43.0 million due in part to the lapping of the American Airlines launch in the fourth quarter of 2019. Excluding the impact from the American Airlines launch, net revenue would have decreased 20.8% due to decreased customer demand from the COVID-19 pandemic.
- Gross margin decreased approximately 30 basis points to 39.5% as compared to 39.8% in the fourth quarter last year. Gross margin declined due to increased shipping costs and surcharges, as well as sales mix from the Third Party business, largely offset by improved promotional strategies and continued use of data analytics.
- Selling and administrative expenses decreased \$2.7 million to \$166.7 million or 31.0% of net revenue, compared to \$169.4 million or 30.8% of net revenue, in the fourth quarter of last year. The 20 basis point increase was driven by the deleverage from the American Airlines launch partially offset by strong controls of operating expenses and structural costs.
- Net income was \$19.9 million or \$0.60 per diluted share, as compared to net income of \$25.5 million or \$0.78 per diluted share in the fourth quarter of fiscal 2019.
- Adjusted EBITDA decreased 6.5% to \$46.1 million in the fourth quarter of fiscal 2020 compared to \$49.3 million in the fourth quarter of fiscal 2019.

Jerome Griffith, Chief Executive Officer, stated, "The strength and resilience of our business model as well as the diligence and endurance of our teams was clearly demonstrated over the past year. From the onset of the pandemic, we moved swiftly to protect our business while at the same time maintaining our focus on the execution of our strategic pillars. We were well positioned to capitalize on the accelerated shift to online as a digitally-led company and we benefited from the investments we made to advance our competitive strengths. This enabled us to drive high-single digit growth in our global eCommerce sales and double-digit growth in Adjusted EBITDA in Fiscal 2020. Looking ahead, we remain excited about the significant growth opportunity that lies ahead as we further advance our initiatives and continue to adapt to the changing consumer environment. With a strong foundation largely in place, we are confident that Lands' End will thrive in this digital-first environment."

### **Fiscal Full Year Financial Highlights:**

- For the fiscal year, net revenue decreased 1.6% to \$1.43 billion compared to \$1.45 billion in the prior year. Excluding the approximately \$36.0 million net impact from the American Airlines launch, net revenue would have increased by 0.9%.
  - Global eCommerce net revenue increased 8.6% for fiscal year, driven by U.S. eCommerce increasing 5.7% and Europe eCommerce growing 29.7%.
  - Third Party net revenue increased 192.6% with the launch of the Kohl's business in the third quarter of 2020.
  - Outfitters net revenue declined 39.0%. Excluding the impact from the American Airlines launch, net revenue would have decreased 30.7%.

- Gross margin decreased approximately 50 basis points to 42.4% compared to 42.9% in fiscal 2019. Gross margin declined due to increased shipping costs and surcharges, partially offset by improved promotional strategies and continued use of data analytics.

**Use and Definition of Non-GAAP Financial Measures**

Adjusted EBITDA - In addition to our Net income, for purposes of evaluating operating performance, we use an Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA"), which is adjusted to exclude certain significant items as set forth below. Our management uses Adjusted EBITDA to evaluate the operating performance of our business, as well as for executive compensation metrics, for comparable periods. Adjusted EBITDA should not be used by investors or other third parties as the sole basis for formulating investment decisions as it excludes several important cash and non-cash recurring items.

The methods used by the Company to calculate its non-GAAP financial measures may differ significantly from methods used by other companies to compute similar measures. As a result, any non-GAAP financial measures presented herein may not be comparable to similar measures provided by other companies.

While Adjusted EBITDA is a non-GAAP measurement, management believes that it is an important indicator of operating performance, and useful to investors, because:

- EBITDA excludes the effects of financings, investing activities and tax structure by eliminating the effects of interest, depreciation and income tax.
- Other significant items, while periodically affecting our results, may vary significantly from period to period and have a disproportionate effect in a given period, which affects comparability of results. We have adjusted our results for these items to make our statements more comparable and therefore more useful to investors as the items are not representative of our ongoing operations.
  - For the 13 weeks and 52 weeks ended January 29, 2021 and January 31, 2020 we excluded the impacts of corporate restructuring which includes severance for the reduction in corporate staff in the second quarter of fiscal 2020 and closure of school uniform showrooms in Fiscal 2019.
  - For the 13 weeks and 52 weeks ended January 29, 2021 and January 31, 2020 we excluded the impacts of impairment including goodwill impairment and non-cash write down of certain long-lived assets.
  - For the 13 weeks and 52 weeks ended January 29, 2021 and January 31, 2020 we excluded the impacts of gain or loss on property and equipment as management considers the gains or losses on asset valuation to result from investing decisions rather than ongoing operations.
