LANDS' END, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. BACKGROUND AND BASIS OF PRESENTATION

Description of Business and Separation

Lands' End, Inc. ("Lands' End" or the "Company") is a leading multi-channel retailer of clothing, accessories and footwear, as well as home products. Lands' End offers products through catalogs, online at www.landsend.com, www.canvasbylandsend.com and affiliated specialty and international websites, and through retail locations, primarily at Lands' End Shops at Sears, stand-alone Lands' End Inlet stores and international shop-in-shops that sell merchandise in various retail department stores.

Terms that are commonly used in the Company's notes to condensed consolidated financial statements are defined as follows:

- ABL Facility - Asset-based senior secured credit agreements, dated as of April 4, 2014, with Bank of America, N.A and certain other lenders
- ASC - Financial Accounting Standards Board Accounting Standards Codification, which serves as the source for authoritative GAAP, except that rules and interpretive releases by the SEC are also sources of authoritative GAAP for Securities and Exchange Commission registrants
- ASU - FASB Accounting Standards Update
- CAM - Common area maintenance for leased properties
- Debt Facilities - Collectively, the ABL Facility and the Term Loan Facility
- EPS - (Loss) earnings per share
- ESL - ESL Investments, Inc. and its investment affiliates, including Edward S. Lampert
- FASB - Financial Accounting Standards Board
- First Quarter 2016 - The thirteen weeks ended April 29, 2016
- First Quarter 2015 - The thirteen weeks ended May 1, 2015
- Fiscal 2016 - The fifty-two weeks ending January 27, 2017
- Fiscal 2015 - The fifty-two weeks ended January 29, 2016
- GAAP - Accounting principles generally accepted in the United States
- LIBOR - London inter-bank offered rate
- Sears Holdings or Sears Holdings Corporation - Sears Holdings Corporation, a Delaware Corporation, and its consolidated subsidiaries (other than, for all periods following the Separation, Lands' End)
- SEC - United States Securities and Exchange Commission
- Separation - On April 4, 2014 Sears Holdings distributed 100% of the outstanding common stock of Lands' End to its shareholders
- SYW - Shop Your Way member loyalty program
- Tax Sharing Agreement - A tax sharing agreement entered into by Sears Holdings Corporation and Lands' End in connection with the Separation
- Term Loan Facility - Term loan credit agreements, dated as of April 4, 2014, with Bank of America, N.A. and certain other lenders

- UTBs - Gross unrecognized tax benefits related to uncertain tax positions

Basis of Presentation

The Condensed Consolidated Financial Statements include the accounts of Lands' End, Inc. and its subsidiaries. All intercompany transactions and balances have been eliminated.

The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all material adjustments which are of a normal and recurring nature necessary for a fair presentation of the results for the periods presented have been reflected. Dollar amounts are reported in thousands, except per share data, unless otherwise noted. Interim results are not necessarily indicative of results for a full year. The information included in this Form 10-Q should be read in conjunction with information included in the Lands' End Annual Report on Form 10-K filed with the SEC on April 1, 2016.

Reclassifications

Certain prior period amounts presented in the Condensed Consolidated Balance Sheet have been reclassified to conform to the current year presentation. In November 2015, FASB issued ASU 2015-17, *Balance Sheet Classification of Deferred Taxes*, which requires an entity to classify deferred tax liabilities and assets as noncurrent within a classified statement of financial position. These reclassifications relate to current deferred tax assets as of May 1, 2015 that were reclassified to Long-term deferred tax liabilities. This reclassification reduced our current and total assets and our total liabilities, as previously reported in the Condensed Consolidated Balance Sheet for May 1, 2015. This reclassification had no effect on the Condensed Consolidated Statements of Operations, Comprehensive Operations, Stockholders' Equity or Cash Flows as previously reported. See Note 8, *Income Taxes*, for further discussion.

In April 2015, FASB issued ASU 2015-03, *Simplifying the Presentation of Debt Issuance Costs*, which changes the required presentation of debt issuance costs from an asset on the balance sheet to a deduction from related debt liability. These reclassifications relate to Prepaid expenses and other current assets and Other assets as of January 29, 2016 and May 1, 2015 that were reclassified to Other current liabilities and Long-term debt. This reclassification reduced our current and total assets and our total current liabilities and total liabilities, as previously reported in the Condensed Consolidated Balance Sheet for January 29, 2016 and May 1, 2015. This reclassification had no effect on the Condensed Consolidated Statements of Operations, Comprehensive Operations, Stockholders' Equity or Cash Flows as previously reported. See Note 4, *Debt*, for further discussion.

NOTE 2. (LOSS) EARNINGS PER SHARE

The numerator for both basic and diluted EPS is net (loss) income. The denominator for basic EPS is based upon the number of weighted average shares of Lands' End common stock outstanding during the reporting periods. The denominator for diluted EPS is based upon the number of weighted average shares of Lands' End common stock and common stock equivalents outstanding during the reporting periods using the treasury stock method in accordance with the ASC.

The following table summarizes the components of basic and diluted EPS:

<i>(in thousands, except per share amounts)</i>	13 Weeks Ended	
	April 29, 2016	May 1, 2015
Net (loss) income	\$ (5,759)	\$ 1,724
Basic weighted average shares outstanding	32,002	31,957
Dilutive effect of stock awards	—	103
Diluted weighted average shares outstanding	32,002	32,060
Basic (loss) earnings per share	\$ (0.18)	\$ 0.05
Diluted (loss) earnings per share	\$ (0.18)	\$ 0.05

Anti-dilutive stock awards are comprised of awards which are anti-dilutive in the application of the treasury stock method and are excluded from the diluted weighted average shares outstanding. Total anti-dilutive stock awards were 65,143 shares for the First Quarter 2016 due to the net loss reported. There were no anti-dilutive stock awards for the First Quarter 2015.

NOTE 3. OTHER COMPREHENSIVE INCOME (LOSS)

Other comprehensive income (loss) encompasses all changes in equity other than those arising from transactions with stockholders, and is comprised solely of foreign currency translation adjustments.

<i>(in thousands)</i>	13 Weeks Ended	
	April 29, 2016	May 1, 2015
Beginning balance: Accumulated other comprehensive loss (net of tax of \$5,053 and \$3,931, respectively)	\$ (9,384)	\$ (7,298)
Other comprehensive income:		
Foreign currency translation adjustments (net of tax expense of \$1,247 and \$197, respectively)	2,315	363
Ending balance: Accumulated other comprehensive loss (net of tax of \$3,806 and \$3,734, respectively)	\$ (7,069)	\$ (6,935)

No amounts were reclassified out of Accumulated other comprehensive loss during any of the periods presented.

NOTE 4. DEBT

The Company's debt consisted of the following:

	April 29, 2016		May 1, 2015		January 29, 2016	
	Amount	Rate	Amount	Rate	Amount	Rate
Term Loan Facility, maturing April 4, 2021	\$ 504,700	4.25%	\$ 509,850	4.25%	\$ 505,988	4.25%
ABL Facility, maturing April 4, 2019	—	—%	—	—%	—	—%
	504,700		509,850		505,988	
Less: Current maturities in Other current liabilities, net	5,150		5,150		5,150	
Less: Unamortized debt issuance costs	6,660		8,015		7,000	
Long-term debt	\$ 492,890		\$ 496,685		\$ 493,838	

The following table summarizes the Company's borrowing availability under the ABL Facility:

	April 29, 2016	May 1, 2015	January 29, 2016
ABL maximum borrowing	\$ 175,000	\$ 175,000	\$ 175,000
Outstanding Letters of Credit	13,164	19,249	24,311
Borrowing availability under ABL	\$ 161,836	\$ 155,751	\$ 150,689

During First Quarter 2016, the Company adopted ASU 2015-03, *Simplifying the Presentation of Debt Issuance*, which requires an entity to present debt issuance costs as a deduction from the related debt liability. To conform to the current year presentation the Company reclassified \$1.4 million of Prepaid expenses and other current assets along with \$6.7 million of Other assets to Long-term debt as of May 1, 2015. Similarly, as of January 29, 2016, the company reclassified \$1.4 million of Prepaid expenses and other current assets along with \$5.6 million of Other assets to Long-term debt.

Interest; Fees

The interest rates per annum applicable to the loans under the Debt Facilities are based on a fluctuating rate of interest measured by reference to, at the borrowers' election, either (i) an adjusted LIBOR rate plus a borrowing margin, or (ii) an alternative base rate plus a borrowing margin. The borrowing margin is fixed for the Term Loan Facility at 3.25% in the case of LIBOR loans and 2.25% in the case of base rate loans. For the Term Loan Facility, LIBOR is subject to a 1% interest rate floor. The borrowing margin for the ABL Facility is subject to adjustment based on the average excess availability under the ABL Facility for the preceding fiscal quarter, and will range from 1.50% to 2.00% in the case of LIBOR borrowings and will range from 0.50% to 1.00% in the case of base rate borrowings.

Customary agency fees are payable in respect of both Debt Facilities. The ABL Facility fees also include (i) commitment fees, based on a percentage ranging from approximately 0.25% to 0.375% of the daily unused portions of the ABL Facility, and (ii) customary letter of credit fees.

Representations and Warranties; Covenants

Subject to specified exceptions, the Debt Facilities contain various representations and warranties and restrictive covenants that, among other things, restrict the ability of Lands' End and its subsidiaries to incur indebtedness (including guarantees), grant liens, make investments, make dividends or distributions with respect to capital stock, make prepayments on other indebtedness, engage in mergers or change the nature of their business. In addition, if excess availability under the ABL Facility falls below the greater of 10% of the loan cap amount or \$15.0 million, Lands' End will be required to comply with a minimum fixed charge coverage ratio of 1.0 to 1.0. The Debt Facilities do not otherwise contain financial maintenance covenants. The Company was in compliance with all financial covenants related to the Debt Facilities as of April 29, 2016.

The Debt Facilities contain certain affirmative covenants, including reporting requirements such as delivery of financial statements, certificates and notices of certain events, maintaining insurance, and providing additional guarantees and collateral in certain circumstances.

NOTE 5. STOCK-BASED COMPENSATION

Accounting standards require, among other things, that (i) the fair value of all stock awards be expensed over their respective vesting periods; (ii) the amount of cumulative compensation cost recognized at any date must at least be equal to the portion of the grant-date value of the award that is vested at that date and (iii) compensation expense include a forfeiture estimate for those shares not expected to vest. Also in accordance with these provisions, for awards that only have a service requirement with multiple vest dates, the Company is required to recognize compensation cost on a straight-line basis over the requisite service period for the entire award.

The Company has granted time vesting stock awards ("Deferred Awards") and performance-based stock awards ("Performance Awards") to employees at management levels and above. Deferred Awards were granted in the form of restricted stock units that only require each recipient to complete a service period. Deferred Awards generally vest over three years or in full after a three year period. Performance Awards were granted in the form of restricted stock units which have, in addition to a service requirement, performance criteria that must be achieved for the awards to be earned. Performance Awards have annual vesting, but due to the performance criteria, are not eligible for straight-line expensing. Therefore, Performance Awards are amortized using a graded expense process. The fair value of all awards is based

on the closing price of the Company's common stock on the grant date. Compensation expense is reduced for estimated forfeitures of those awards not expected to vest due to employee turnover.

The following table summarizes the Company's stock-based compensation expense, which is included in Selling and administrative expense in the Condensed Consolidated Statements of Operations:

<i>(in thousands)</i>	13 Weeks Ended	
	April 29, 2016	May 1, 2015
Performance Awards	\$ 234	\$ 397
Deferred Awards	479	284
Total stock-based compensation expense	\$ 713	\$ 681

Awards Granted First Quarter 2016

There were no Deferred Awards or Performance Awards granted in the First Quarter 2016.

Changes in the Company's Unvested Stock Awards First Quarter 2016

Unvested Performance Awards, as of April 29, 2016	109	26.81

Total unrecognized stock-based compensation expense related to unvested Performance Awards approximated \$0.8 million as of April 29, 2016, which will be recognized over a weighted average period of approximately 1.1 years.

NOTE 6. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

The Company determines fair value of financial assets and liabilities based on the following fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value into three levels:

Level 1 inputs—unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. An active market for the asset or liability is one in which transactions for the asset or liability occurs with sufficient frequency and volume to provide ongoing pricing information.

Level 2 inputs—inputs other than quoted market prices included in Level 1 that are observable, either directly or indirectly, for the asset or liability. Level 2 inputs include, but are not limited to, quoted prices for similar assets or liabilities in an active market, quoted prices for identical or similar assets or liabilities in markets that are not active and inputs other than quoted market prices that are observable for the asset or liability, such as interest rate curves and yield curves observable at commonly quoted intervals, volatilities, credit risk and default rates.

Level 3 inputs—unobservable inputs for the asset or liability.

Restricted cash is reflected on the Condensed Consolidated Balance Sheets at fair value. The fair value of restricted cash as of April 29, 2016, May 1, 2015 and January 29, 2016 was approximately \$3.3 million based on Level 1 inputs. Restricted cash amounts are valued based upon statements received from financial institutions.

Cash and cash equivalents, accounts receivable, accounts payable and other current liabilities are reflected on the Condensed Consolidated Balance Sheets at cost, which approximates fair value due to the short-term nature of these instruments.

Carrying values and fair values of long-term debt, including the short-term portion, in the Condensed Consolidated Balance Sheets are as follows:

<i>(in thousands)</i>	April 29, 2016		May 1, 2015		January 29, 2016	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Long-term debt, including short-term portion	\$ 504,700	\$ 411,961	\$ 509,850	\$ 502,840	\$ 505,988	\$ 418,073

Long-term debt was valued utilizing level 2 valuation techniques based on the closing inactive market bid price on April 29, 2016, May 1, 2015, and January 29, 2016. There were no nonfinancial assets or nonfinancial liabilities recognized at fair value on a nonrecurring basis as of April 29, 2016, May 1, 2015, and January 29, 2016.

NOTE 7. GOODWILL AND INTANGIBLE ASSETS

The Company's intangible assets consist of a trade name and goodwill valued as a result of business combinations accounted for under the purchase accounting method. Goodwill represents the excess of the purchase price over the fair value of the net assets acquired. The net carrying amounts of goodwill, trade names and customer lists are included within the Company's Direct segment.

ASC 350 requires companies to test goodwill and indefinite-lived intangible assets for impairment annually, or more often if an event or circumstance indicates that the carrying amount may not be recoverable. There was no impairment charge for intangible assets in First Quarter 2016. As a result of the 2015 annual impairment testing the Company recorded a non-cash pretax intangible asset impairment charge of \$98.3 million during Fiscal 2015. There was no impairment charge for intangible assets recorded in any other prior years. There were no impairments of goodwill during any periods presented or since goodwill was first recognized.

The following summarizes goodwill and intangible assets:

<i>(in thousands)</i>	April 29, 2016	May 1, 2015	January 29, 2016
Indefinite-lived intangible assets:			
Gross Trade Names	528,300	528,300	528,300
Cumulative impairments	(98,300)	—	(98,300)
Net Trade Names	430,000	528,300	430,000
Total intangible assets, net	\$ 430,000	\$ 528,300	\$ 430,000
Goodwill	\$ 110,000	\$ 110,000	\$ 110,000

NOTE 8. INCOME TAXES

Lands' End and Sears Holdings Corporation entered into a Tax Sharing Agreement in connection with the Separation which governs Sears Holdings Corporation's and Lands' End's respective rights, responsibilities and obligations after the Separation with respect to liabilities for United States federal, state, local and foreign taxes attributable to the Lands' End business. In addition to the allocation of tax liabilities, the Tax Sharing Agreement addresses the preparation and filing of tax returns for such taxes and dispute resolution with taxing authorities regarding such taxes. Generally, Sears Holdings Corporation is liable for all pre-Separation United States federal, state and local income taxes. Lands' End generally is liable for all other income taxes attributable to its business, including all foreign taxes. Prior to the Separation, the tax provision and related tax accounts represented the tax attributable to the Company as if the Company filed a separate tax return. However, the computed obligations were settled through Sears Holdings Corporation.

As of April 29, 2016, the Company had UTBs of \$8.3 million. Of this amount, \$5.4 million would, if recognized, impact its effective tax rate, with the remaining amount being comprised of UTBs related to gross temporary differences or other indirect benefits. Pursuant to the Tax Sharing Agreement, Sears Holdings Corporation is generally responsible for all United States federal, state and local UTBs through the date of the Separation and, as such, an indemnification asset from Sears Holdings Corporation for the pre-Separation UTBs is recorded in Other assets in the Condensed Consolidated Balance Sheets. The indemnification asset was \$13.9 million, \$14.5 million and \$13.7 million as of April 29, 2016, May 1, 2015, and January 29, 2016, respectively.

The Company classifies interest expense and penalties related to UTBs and interest income on tax overpayments as components of income tax expense. As of April 29, 2016, the total amount of interest expense and penalties recognized on our balance sheet was \$5.9 million (\$3.8 million net of federal benefit). The total amount of net interest expense recognized in the Condensed Consolidated Statements of Operations was insignificant for all periods presented. The Company files income tax returns in the United States and various foreign jurisdictions. The Company is under examination by various income tax jurisdictions for the years 2009 to 2015.

During Fiscal 2015, the Company adopted ASU 2015-17, *Balance Sheet Classification of Deferred Taxes*, which requires an entity to present deferred tax assets and deferred tax liabilities as noncurrent in a classified balance sheet rather than as current and noncurrent. As of May 1, 2015, the Company reclassified \$2.3 million of current deferred tax assets to noncurrent deferred tax liabilities to conform to the current year presentation.

NOTE 9. COMMITMENTS AND CONTINGENCIES

Legal Proceedings

The Company is party to various claims, legal proceedings and investigations arising in the ordinary course of business. Some of these actions involve complex factual and legal issues and are subject to uncertainties. At this time, the Company is not able to either predict the outcome of these legal proceedings or reasonably estimate a potential range of loss with respect to the proceedings. While it is not feasible to predict the outcome of such pending claims, proceedings and investigations with certainty, management is of the opinion that their ultimate resolution should not have a material adverse effect on results of operations, cash flows or financial position taken as a whole.

Beginning in 2005, the Company initiated the first of several claims in Iowa County Circuit Court against the City of Dodgeville (the "City") to recover overpaid taxes resulting from the city's excessive property tax assessment of the Company's headquarters campus. As of May 31, 2016, the City has refunded, as the result of various court decisions, over \$4.0 million in excessive taxes and interest to the Company in the following amounts: (1) approximately \$1.6 million arising from the 2005 and 2006 tax years that was recognized in the fiscal year ended January 29, 2010; (2) approximately \$1.6 million arising from the 2007, 2009 and 2010 tax years, recognized in the fiscal year ended January 31, 2014; (3) approximately \$0.9 million arising from the 2008 tax year, recognized in the fiscal year ended January 30, 2015. The claims arising from the 2005 and 2006 tax years are closed. The Company claims arising from tax years 2007 through 2015 remain unresolved and are still pending before the courts. The Company believes that the potential additional aggregate recovery from the City of Dodgeville arising from the 2007 to 2015 tax years will range from \$2.8 million to \$4.6 million, none of which has been recorded in the Condensed Consolidated Financial Statements.

NOTE 10. RELATED PARTY TRANSACTIONS

According to statements on form Schedule 13D filed with the SEC by ESL, ESL beneficially owned significant portions of both the Company's and Sears Holdings Corporation's outstanding shares of common stock. Therefore, Sears Holdings Corporation, the Company's former parent company, is considered a related party.

In connection with the Separation, the Company entered into various agreements with Sears Holdings which, among other things, (i) govern specified aspects of the Company's relationship following the Separation, especially with regards to the Lands' End Shops at Sears, and (ii) establish terms pursuant to which subsidiaries of Sears Holdings Corporation are providing services to us.

See further descriptions of the transactions in the Company's 2015 Annual Report on Form 10-K. The components of the transactions between the Company and Sears Holdings, which exclude pass-through payments to third parties, are as follows:

Call Center Services

The Company has entered into a contract with Sears Holdings Management Corporation, a subsidiary of Sears Holdings Corporation, to provide call center services in support of Sears Holdings' SYW member loyalty program. This income is net of agreed upon costs directly attributable to the Company providing these services. The income is included in Net revenue and costs are included in Selling and administrative expenses in the Condensed Consolidated Statements of Operations. Total call center service income included in Net revenue was \$1.9 million and \$1.3 million for the First Quarter 2016 and First Quarter 2015, respectively.

Additional Balance Sheet Information

At April 29, 2016, May 1, 2015 and January 29, 2016 the Company included \$4.0 million, \$5.2 million and \$3.9 million in Accounts receivable, net, respectively and \$2.6 million, \$7.8 million and \$2.7 million in Accounts payable, respectively, in the Condensed Consolidated Balance Sheets to reflect amounts due from and owed to Sears Holdings.

At April 29, 2016, May 1, 2015 and January 29, 2016 a \$13.9 million, \$14.5 million and \$13.7 million receivable, respectively, was recorded by the Company in Other assets in the Condensed Consolidated Balance Sheets to reflect the indemnification by Sears Holdings Corporation of the pre-Separation UTBs (including penalties and interest) for which Sears Holdings Corporation is responsible under the Tax Sharing Agreement.

NOTE 11. SEGMENT REPORTING

The Company is a leading multi-channel retailer of casual clothing, accessories and footwear, as well as home products, and has two reportable segments: Direct and Retail. Both segments sell similar products and provide services. Product revenues are divided by product categories: Apparel and Non-apparel. The Non-apparel revenues include accessories, footwear, and home goods. Services and other revenue includes embroidery, monogramming, gift wrapping, shipping and other services. Net revenue is aggregated by product category in the following table:

<i>(in thousands)</i>	13 Weeks Ended	
	April 29, 2016	May 1, 2015
Net revenue:		
Apparel	\$ 231,158	\$ 253,445
Non-apparel	26,650	31,325
Service and other	15,625	14,617
Total net revenue	\$ 273,433	\$ 299,387

The Company identifies reportable segments according to how business activities are managed and evaluated. Each of the Company's operating segments are reportable segments and are strategic business units that offer similar products and services but are sold either directly from its warehouses (Direct) or through its retail stores (Retail).

Adjusted EBITDA is the primary measure used to make decisions on allocating resources and assessing performance of each operating segment. Adjusted EBITDA is computed as Income before taxes appearing on the Condensed Consolidated Statements of Operations net of interest expense, depreciation and amortization and other significant items that while periodically affecting the Company's results, may vary significantly from period to period and may have a disproportionate effect in a given period, which may affect comparability of results. Reportable segment assets are those directly used in or clearly allocable to an operating segment's operations. Depreciation, amortization, and property and equipment expenditures are recognized in each respective segment. There were no material transactions between reporting segments for the First Quarter 2016 and First Quarter 2015.

- The Direct segment sells products through the Company's e-commerce websites and direct mail catalogs. Operating costs consist primarily of direct marketing costs (catalog and e-commerce marketing costs); order processing and shipping costs; direct labor and benefits costs and facility costs. Assets primarily include goodwill and trade name intangible assets, inventory, accounts receivable, prepaid expenses (deferred catalog costs), technology infrastructure, and property and equipment.
- The Retail segment sells products and services through dedicated Lands' End Shops at Sears across the United States, the Company's stand-alone Lands' End Inlet stores and international shop-in-shops. Operating costs consist primarily of labor and benefits costs; rent, CAM and occupancy costs; distribution costs; and in-store marketing costs. Assets primarily include retail inventory, fixtures and leasehold improvements.
- Corporate overhead and other expenses include unallocated shared-service costs, which primarily consist of employee services and financial services, legal and corporate expenses. These expenses include labor and benefits costs, corporate headquarters occupancy costs and other administrative expenses. Assets include corporate headquarters and facilities, corporate cash and cash equivalents and deferred income taxes.

Financial information by segment is presented in the following tables.

NOTE 12. RECENT ACCOUNTING PRONOUNCEMENTS

Compensation - Stock Compensation

In March 2016, the FASB issued ASU 2016-09, *Compensation - Stock Compensation*, which simplifies the accounting for the taxes related to stock based compensation, including adjustments to how excess tax benefits and a company's payments for tax withholdings should be classified. This guidance will be effective for Lands' End in its fiscal year ending February 2, 2018. The adoption of this guidance is not expected to have a material impact on the Company's Condensed Consolidated Financial Statements.

Leases

In February 2016, the FASB issued ASU 2016-02, *Leases*, which will replace the existing guidance in ASC 840, *Leases*. This ASU requires a dual approach for lessee accounting under which a lessee would account for leases as finance leases or operating leases. Both finance leases and operating leases will result in the lessee recognizing a right-of-use asset and a corresponding lease liability. For finance leases, the lessee would recognize interest expense and amortization of the right-of-use asset, and for operating leases, the lessee would recognize a straight-line total lease expense. This guidance will be effective for Lands' End in the first quarter of its fiscal year ending January 31, 2020. The Company is currently in the process of evaluating the impact of adoption of this ASU on the Company's Condensed Consolidated Financial Statements.

Recognition of Breakage for Certain Prepaid Stored-Value Products

In March 2016, the FASB issued ASU 2016-04, *Recognition of Breakage for Certain Prepaid Stored-Value Products*. This update clarifies when it is acceptable to recognize the unredeemed portion of prepaid gift cards into income. This guidance will be effective for Lands' End in the first quarter of its fiscal year ending February 1, 2019. The Company is currently in the process of evaluating the impact of adoption of this ASU on the Company's Condensed Consolidated Financial Statements.

Simplifying the Measurement of Inventory

In July 2015, the FASB issued ASU 2015-11, *Simplifying the Measurement of Inventory*. Under this ASU, non-LIFO inventory will be measured at the lower of cost and net realizable value, eliminating the options that currently exist for market valuation. The ASU defines net realizable value as the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. No other changes were made to the current guidance on inventory measurement. This guidance is effective for Lands' End in the First Quarter 2016 and only applies to our international inventory as United States inventory is valued using LIFO. The adoption of this guidance did not have a material impact on the Company's Condensed Consolidated Financial Statements.

Customer's Accounting for Fees Paid in a Cloud Computing Arrangement

In April 2015, the FASB issued ASU 2015-05, *Customer's Accounting for Fees Paid in a Cloud Computing Arrangement*, which clarifies the circumstances under which a cloud computing customer would account for the arrangement as a license of internal-use software under ASC 350-40. This guidance was effective for Lands' End in the First Quarter 2016. The adoption of this guidance did not have a material impact on the Company's Condensed Consolidated Financial Statements.

Revenue from Contracts with Customers

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, which provides guidance for revenue recognition. The standard's core principle is that a company will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. In doing so, companies will need to use more judgment and make more estimates than under today's guidance. These may include identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation. This guidance was deferred by ASU 2015-14, issued by the FASB in August 2015, and will be effective for Lands' End in the first quarter of its fiscal year ending February 1, 2019. The Company is currently in the process of evaluating the impact of adoption of this ASU on the Company's Condensed Consolidated Financial Statements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Executive Overview

Description of the Company

Lands' End, Inc. is a leading multi-channel retailer of clothing, accessories and footwear, as well as home products. We offer products through catalogs, online at www.landsend.com, www.canvasbylandsend.com and affiliated specialty and international websites, and through retail locations, primarily at Lands' End Shops at Sears, stand-alone Lands' End Inlet stores and international shop-in-shops that sell merchandise in various retail department stores. We are a classic American lifestyle brand with a passion for quality, legendary service and real value, and we seek to deliver timeless style for men, women, kids and the home. Lands' End was founded in 1963 in Chicago by Gary Comer and his partners to sell sailboat hardware and equipment by catalog. While our product focus has shifted significantly over the years, we have continued to adhere to our founder's motto as one of our guiding principles: "Take care of the customer, take care of the employee and the rest will take care of itself."

The Company identifies reportable segments according to how business activities are managed and evaluated. Each of the Company's operating segments are reportable segments and are strategic business units that offer similar products and services but are sold either directly from our warehouses (Direct) or through our retail stores (Retail).

Basis of Presentation

The Condensed Consolidated Financial Statements include the accounts of Lands' End, Inc. and its subsidiaries. All intercompany transactions and balances have been eliminated.

Following the Separation, we began operating as a separate, publicly traded company, independent from Sears Holdings. According to statements on form Schedule 13D filed with the SEC by ESL, ESL beneficially owned significant portions of both the Company's and Sears Holdings Corporation's outstanding shares of common stock. Therefore Sears Holdings Corporation, the Company's former parent company, is considered a related party both prior to and subsequent to the Separation.

The success of our Retail segment depends on the performance of the Lands' End Shops at Sears. Under the terms of the master lease agreement and master sublease agreement pursuant to which Sears Roebuck leases or subleases to us the premises for the Lands' End Shops at Sears, Sears Roebuck has certain rights to (1) relocate our leased premises within the building in which such premises are located, subject to certain limitations, including our right to terminate the applicable lease if we are not satisfied with the new premises, and (2) terminate without liability the lease with respect to a particular Lands' End Shop if the overall Sears store in which such Lands' End Shop is located is closed or sold. Sears Holdings

announced that it intends to continue to right-size, redeploy and highlight the value of its assets, including its real estate portfolio, in its transition from an asset-intensive, store-focused retailer and that it has entered into lease agreements with third party retailers for stand-alone stores. On July 7, 2015, Sears Holdings completed a rights offering and sale-leaseback transaction (the “Seritage transaction”) with Seritage Growth Properties (“Seritage”), a recently formed, independent publicly traded real estate investment trust. Sears Holdings disclosed that as part of the Seritage transaction, it sold 235 properties to Seritage (the “REIT properties”) along with Sears Holdings’ 50% interest in each of three real estate joint ventures (collectively, the “JVs”). Sears Holdings also disclosed that it contributed 31 properties to the JVs (the “JV properties”). As of April 29, 2016, 59 of the REIT properties contained a Lands’ End Shop and 15 of the JV properties contained a Lands’ End Shop, the leases with respect to which Sears Roebuck retained for its own account. Sears Holdings disclosed that Seritage and the JVs have a recapture right with respect to approximately 50% of the space within the stores at the REIT properties and JV properties (subject to certain exceptions), and with respect to nine of the stores that contain a Lands’ End Shop, Seritage has the additional right to recapture 100% of the space within the Sears Roebuck store. If Sears Roebuck continues to dispose of retail stores that contain Lands’ End Shops, and/or offer us relocation alternatives for Lands’ End Shops that are less attractive than the current premises, our business and results of operations could be adversely affected. On April 29, 2016 the Company operated 225 Lands’ End Shops at Sears, compared with 235 Lands’ End Shops at Sears on May 1, 2015.

Seasonality

We experience seasonal fluctuations in our Net revenue and operating results and historically have realized a significant portion of our net sales and earnings for the year during our fourth fiscal quarter. We generated approximately 34% of our Net revenue in the fourth fiscal quarter of the past three years. Thus, lower than expected fourth quarter net revenue could have an adverse impact on our annual operating results.

Working capital requirements typically increase during the third quarter of the fiscal year as inventory builds to support peak shipping/selling period and, accordingly, typically decrease during the fourth quarter of the fiscal year as inventory is shipped/sold. Cash provided by operating activities is typically higher in the fourth quarter of the fiscal year due to reduced working capital requirements during that period.

Results of Operations

The following table sets forth, for the periods indicated, selected income statement data:

<i>(in thousands)</i>	13 Weeks Ended

NET (LOSS) INCOME	\$ (5,759)	(2.1)%	\$ 1,724	0.6 %

Depreciation and amortization is not included in our cost of sales because we are a reseller of inventory and do not believe that including depreciation and amortization is meaningful. As a result, our gross margins may not be comparable to other entities that include depreciation and amortization related to the sale of their product in their gross margin measure.

Net (Loss) Income and Adjusted EBITDA

We recorded a Net loss of \$5.8 million in the First Quarter 2016 compared to a Net income of \$1.7 million in the First Quarter 2015. In addition to our Net (loss) income determined in accordance with GAAP, for purposes of evaluating operating

performance, we use an Adjusted EBITDA measurement. Adjusted EBITDA is computed as Net (loss) income appearing on the Condensed Consolidated Statements of Operations net of Income tax (benefit) expense, Other income, net, Interest expense, Depreciation and amortization, and certain significant items set forth below. Our management uses Adjusted EBITDA to evaluate the operating performance of our businesses, as well as executive compensation metrics, for comparable periods. Adjusted EBITDA should not be used by investors or other third parties as the sole basis for formulating investment decisions as it excludes a number of important cash and non-cash recurring items.

While Adjusted EBITDA is a non-GAAP measurement, management believes that it is an important indicator of operating performance, and useful to investors, because:

- EBITDA excludes the effects of financings, investing activities and tax structure by eliminating the effects of interest, depreciation and income tax costs or benefits.
- Other significant items, while periodically affecting our results, may vary significantly from period to period and have a disproportionate effect in a given period, which affects comparability of results. We have adjusted our results for these items to make our statements more comparable and therefore more useful to investors as the items are not representative of our ongoing operations.
 - Gain or loss on the sale of property and equipment - management considers the gains or losses on sale of assets to result from investing decisions rather than ongoing operations.

<i>(in thousands)</i>	13 Weeks Ended

In assessing the operational performance of our business, we consider a variety of financial measures. We operate in two reportable segments, Direct (sold through e-commerce websites and direct mail catalogs) and Retail (sold through stores). A key measure in the evaluation of our business is revenue performance by segment. We also consider gross margin and Selling and administrative expenses in evaluating the performance of our business.

To evaluate revenue performance for the Direct segment we use Net revenue. For our Retail segment, we use Same Store Sales as a key measure in evaluating performance. A store is included in Same Store Sales calculations on the first day it has comparable prior year sales. Stores in which the selling square footage has changed by 15% or more as a result of a remodel, expansion, reduction or relocation are excluded from Same Store Sales calculations until the first day they have comparable prior year sales. Online sales and sales generated through our in-store computer kiosks are considered revenue in our Direct segment and are excluded from Same Store Sales.

Discussion and Analysis

First Quarter 2016 compared with the First Quarter 2015

Net Revenue

Net revenue for the First Quarter 2016 was \$273.4 million, compared with \$299.4 million in the comparable period of the prior year, a decrease of \$26.0 million or 8.7%. The decrease was comprised of a decrease in our Direct segment of \$21.2 million and a decrease in our Retail segment of \$4.8 million.

Net revenue in our Direct segment was \$232.2 million for the First Quarter 2016, a decrease of \$21.2 million, or 8.4% from the comparable period of the prior year. During the quarter Net revenue was negatively impacted by internal and external factors that resulted in a decrease in traffic to our websites. The primary external factor that contributed to the decrease in Net revenue during the quarter was the overall weakness in the retail environment including aggressive discounting and promotional activity. Internal factors that contributed to the decrease in Net revenue during the quarter included a planned reduction in catalog circulation as well as product and promotion presentation.

Net revenue in our Retail segment was \$41.2 million for the First Quarter 2016, a decrease of \$4.8 million, or 10.4% from the comparable period of the prior year. The decrease was driven by a 7.1% decrease in Same Store Sales, and a decrease in the number of Lands' End Shops at Sears. The same store sales decrease was attributable to the same factors which impacted our direct segment as well as declining traffic at our Lands' End Shops at Sears. On April 29, 2016, the Company operated 225 Lands' End Shops at Sears, 14 global Lands' End Inlet stores and five international shop-in-shops compared with 235 Lands' End Shops at Sears, 14 global Lands' End Inlet stores and five international shop-in-shops on May 1, 2015.

Gross Profit

Total gross profit decreased \$16.9 million to \$129.7 million and gross margin decreased 160 basis points to 47.4% of total Net revenue in the First Quarter 2016, compared with \$146.6 million, or 49.0% of total Net revenue, in the First Quarter 2015. The gross profit decrease was comprised of a decrease in our Direct segment of \$12.1 million and a decrease in our Retail segment of \$4.8 million.

Gross profit in the Direct segment was \$113.3 million compared with \$125.4 million for the First Quarter 2016 and First Quarter 2015, respectively. Gross margin in the Direct segment decreased approximately 70 basis points to 48.8% in the First Quarter 2016 versus 49.5% in the comparable prior year period, primarily attributable to a highly competitive retail environment resulting in increased promotional activity, deeper product discounts and an unfavorable sales mix during the quarter.

Retail segment gross profit decreased \$4.8 million to \$16.3 million in the First Quarter 2016 from \$21.2 million in the First Quarter 2015. Retail segment gross margin decreased to 39.5% for the First Quarter 2016 compared to 46.0% for the First Quarter 2015 driven by the same factors which impacted our Direct segment. Additionally, approximately 200 basis points of the decline in the retail segment was due to the taking of markdowns earlier in the product life cycle this year compared to last year.

Selling and Administrative Expenses

Selling and administrative expenses were \$129.0 million, or 47.2% of total Net revenue compared with \$133.5 million or 44.6% of total Net revenue in the First Quarter 2016 and First Quarter 2015, respectively. The decrease in Selling and administrative expenses was primarily due to a decrease of \$3.2 million in the Direct segment and a decrease of \$0.8 million in the Retail segment.

The Direct segment Selling and administrative expenses were \$100.5 million compared with \$103.7 million for the First Quarter 2016 and First Quarter 2015, respectively. The \$3.2 million or 3.1% decrease, was primarily attributable to a decrease in advertising expenses related to the reduction of circulation.

The Retail segment Selling and administrative expenses were \$20.2 million compared with \$21.0 million for the First Quarter 2016 and First Quarter 2015, respectively. The \$0.8 million or 3.7% decrease was primarily attributable to a decrease in personnel and other expenses related to closed stores.

Corporate / other Selling and administrative expenses decreased to \$8.3 million in the First Quarter 2016 compared to \$8.8 million in the First Quarter 2015 due to decreases in incentive compensation and professional fees.

Depreciation and Amortization

Depreciation and amortization expense was \$4.1 million in the First Quarter 2016, a decrease of \$0.4 million or 9.2%, compared with \$4.6 million in First Quarter 2015, primarily attributable to an increase in fully depreciated assets.

Operating (Loss) Income

Operating (loss) income decreased to \$(3.5) million in the First Quarter 2016 from \$8.5 million in First Quarter 2015 primarily due to lower revenues and gross margins as described more fully above.

Interest Expense

Interest expense was unchanged at \$6.2 million in the First Quarter 2016 compared to the First Quarter 2015.

Income Tax (Benefit) Expense

Income tax benefit was \$3.4 million for the First Quarter 2016 compared with income tax expense of \$1.1 million in the First Quarter 2015. The decrease was primarily attributable to a Net loss in comparison to Net income in the prior year. The effective tax rate was 37.4% in the First Quarter 2016 compared with 38.8% in the First Quarter 2015.

Net (Loss) Income

As a result of the above factors, Net loss was \$5.8 million and diluted loss per share was \$0.18 in the First Quarter 2016 compared with Net income of \$1.7 million and diluted earnings per share of \$0.05 in the First Quarter 2015.

Adjusted EBITDA

As a result of the above factors, Adjusted EBITDA decreased to \$0.6 million in the First Quarter 2016 from \$13.1 million in the First Quarter 2015.

Liquidity and Capital Resources

Our primary need for liquidity is to fund working capital requirements of our business, capital expenditures, debt service and for general corporate purposes. Our cash and cash equivalents and the ABL Facility serve as sources of liquidity for short-term working capital needs and general corporate purposes. We expect that our cash on hand and cash flows from operations, along with our ABL Facility, will be adequate to meet our capital requirements and operational needs for the next 12 months. Cash generated from our net sales and profitability, and somewhat to a lesser extent our changes in working capital, are driven by the seasonality of our business, with a disproportionate amount of net revenue and operating cash flows generally occurring in the fourth fiscal quarter of each year.

Description of Material Indebtedness

Debt Arrangements

Lands' End entered into asset-based senior secured credit agreements, dated as of April 4, 2014, with Bank of America, N.A. and certain other lenders, which provides for maximum borrowings of \$175.0 million under the ABL Facility for Lands' End, subject to a borrowing base, with a \$30.0 million sub facility for the UK Borrower. The ABL Facility has a sub-limit of \$70.0 million for domestic letters of credit and a sub-limit of \$15.0 million for letters of credit for the UK Borrower. The ABL Facility is available for working capital and other general corporate purposes, and was undrawn at April 29, 2016 and May 1, 2015, other than for letters of credit. The Company had borrowing availability under the ABL Facility of \$161.8 million as of April 29, 2016, net of outstanding letters of credit of \$13.2 million.

Also on April 4, 2014, Lands' End entered into a term loan credit agreement with Bank of America, N.A., with respect to the Term Loan Facility of \$515.0 million, the proceeds of which were used to pay a dividend of \$500.0 million to a subsidiary of Sears Holdings Corporation immediately prior to the Separation and to pay fees and expenses associated with the Debt Facilities of approximately \$11.4 million, with the remaining proceeds used for general corporate purposes.

Maturity; Amortization and Prepayments

The ABL Facility will mature on April 4, 2019. The Term Loan Facility will mature on April 4, 2021 and will amortize at a rate equal to 1% per annum, and is subject to mandatory prepayment in an amount equal to a percentage of the borrower's excess cash flows in each fiscal year, ranging from 0% to 50% depending on Lands' End's secured leverage ratio, and the proceeds from certain asset sales and casualty events.

Guarantees; Security

All domestic obligations under the Debt Facilities are unconditionally guaranteed by Lands' End and, subject to certain exceptions, each of its existing and future direct and indirect domestic subsidiaries. In addition, the obligations of the UK Borrower under the ABL Facility are guaranteed by its existing and future direct and indirect subsidiaries organized in the United Kingdom. The ABL Facility is secured by a first priority security interest in certain working capital of the borrowers and guarantors consisting primarily of accounts receivable and inventory. The Term Loan Facility is secured by a second priority security interest in the same collateral, with certain exceptions.

The Term Loan Facility also is secured by a first priority security interest in certain property and assets of the borrowers and guarantors, including certain fixed assets and stock of subsidiaries. The ABL Facility is secured by a second priority security interest in the same collateral.

Interest; Fees

The interest rates per annum applicable to the loans under the Debt Facilities are based on a fluctuating rate of interest measured by reference to, at the borrowers' election, either (i) LIBOR plus a borrowing margin, or (ii) an alternative base rate plus a borrowing margin. The borrowing margin is fixed for the Term Loan Facility at 3.25% in the case of LIBOR loans and 2.25% in the case of base rate loans. For the Term Loan Facility, LIBOR is subject to a 1% interest rate floor. The borrowing margin for the ABL Facility is subject to adjustment based on the average excess availability under the ABL Facility for the preceding fiscal quarter, and will range from 1.50% to 2.00% in the case of LIBOR borrowings and will range from 0.50% to 1.00% in the case of base rate borrowings.

Customary agency fees are payable pursuant to the terms of the Debt Facilities. The ABL Facility fees also include (i) commitment fees, based on a percentage ranging from approximately 0.25% to 0.375% of the daily unused portions of the facility, and (ii) customary letter of credit fees.

Representations and Warranties; Covenants

Subject to specified exceptions, the Debt Facilities contain various representations and warranties and restrictive covenants that, among other things, restrict the ability of Lands' End and its subsidiaries to incur indebtedness (including guarantees), grant liens, make investments, make dividends or distributions with respect to capital stock, make prepayments on other indebtedness, engage in mergers or change the nature of their business. In addition, if excess availability under the ABL Facility falls below the greater of 10% of the loan cap amount or \$15 million, Lands' End will be required to comply with a minimum fixed charge coverage ratio of 1.0 to 1.0. The Debt Facilities do not otherwise contain financial maintenance covenants. The Company was in compliance with all financial covenants related to the Debt Facilities as of April 29, 2016.

The Debt Facilities contain certain affirmative covenants, including reporting requirements such as delivery of financial statements, certificates and notices of certain events, maintaining insurance, and providing additional guarantees and collateral in certain circumstances.

Events of Default

The Debt Facilities include customary events of default including non-payment of principal, interest or fees, violation of covenants, inaccuracy of representations or warranties, cross defaults related to certain other material indebtedness, bankruptcy and insolvency events, invalidity or impairment of guarantees or security interests, and material judgments and change of control.

Cash Flows from Operating Activities

Operating activities used net cash of \$50.2 million and \$31.5 million for the First Quarter 2016 and First Quarter 2015, respectively, primarily due to:

- Lower revenues, which drove a decrease in net (loss) income before non-cash items and an increase in inventory,
- Increased payments on accounts payable in the First Quarter 2016 due to higher ending accounts payable at the end of the prior year and the timing of inventory receipts and payments.

Cash Flows from Investing Activities

Net cash used in investing activities was \$10.5 million and \$11.0 million for the First Quarter 2016 and First Quarter 2015, respectively. Cash used in investing activities for both periods was primarily used for investments to update our information technology infrastructure and property and equipment.

For Fiscal 2016, we plan to invest a total of approximately \$40.0 million to \$45.0 million in capital expenditures for strategic investments and infrastructure, primarily associated with our ERP investment, other technology investments and general corporate needs.

Cash Flows from Financing Activities

Net cash used by financing activities was \$1.3 million for both the First Quarter 2016 and First Quarter 2015, consisting of one quarterly payment for the Term Loan.

Contractual Obligations and Off-Balance-Sheet Arrangements

There have been no material changes to our contractual obligations and off-balance-sheet arrangements as discussed in our Annual Report on Form 10-K for the fiscal year ended January 29, 2016.

Financial Instruments with Off-Balance-Sheet Risk

Lands' End entered into the ABL Facility, which provides for maximum borrowings of \$175.0 million for Lands' End, subject to a borrowing base, with a \$30.0 million sub facility for the UK Borrower. The ABL Facility has a sub-limit of \$70.0 million for domestic letters of credit and a sub-limit of \$15.0 million for letters of credit for the UK Borrower. The ABL Facility is available for working capital and other general corporate purposes, and was undrawn at April 29, 2016 and May 1, 2015, other than for letters of credit. The Company had borrowing availability under the ABL Facility of \$161.8 million as of April 29, 2016, net of outstanding letters of credit of \$13.2 million.

Application of Critical Accounting Policies and Estimates

We believe that the assumptions and estimates associated with inventory valuation, goodwill and intangible asset impairment assessments and income taxes have the greatest potential impact on our financial statements. Therefore, we consider these to be our critical accounting policies and estimates.

There have been no material changes to the critical accounting policies and estimates described in our Annual Report on Form 10-K for the fiscal year ended January 29, 2016.

As previously discussed, Lands' End reviews the Company's indefinite-lived intangible asset, the Lands' End trade name, for impairment by comparing the carrying amount of the asset to the fair value on an annual basis, or more frequently if events occur or changes in circumstances indicate that the carrying value is not recoverable. At the date of its most recent annual impairment assessment, Lands' end determined that the income approach, specifically the relief from royalty method, was most appropriate for analyzing the Company's indefinite-lived asset. This method is based on the assumption that, in lieu of ownership, a firm would be willing to pay a royalty in order to exploit the related benefits of this asset class. The relief from royalty method involves two steps: (1) estimation of reasonable royalty rates for the assets and (2) the application of these royalty rates to a revenue stream and discounting the resulting cash flows to determine a value. The Company multiplied the selected royalty rate by the forecasted net sales stream to calculate the cost savings (relief from royalty payment) associated with the asset. The cash flows were then discounted to present value by the selected discount rate and compared to the carrying value of the asset.

In the First Quarter 2016, there were no events or changes in circumstances that indicated that the carrying value of Lands' End trade name is not recoverable. As such, an impairment assessment was not performed and there was no impairment charge related to the trade name in the First Quarter 2016. As a result of the Fiscal 2015 annual impairment assessment, the Company recorded a non-cash pretax intangible asset impairment charge of \$98.3 million during Fiscal 2015 to reduce the carrying value of the trade name to the fair value. However, if actual results are not consistent with our estimates and assumptions used in estimating future revenue streams, we may be exposed to further losses.

Recent Accounting Pronouncements

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

Certain statements made in this Quarterly Report on Form 10-Q contain forward-looking statements, including statements about our strategies and our opportunities for growth. Forward-looking statements are subject to risks and uncertainties that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. Forward-looking statements include without limitation information concerning our future financial performance, business strategy, plans, goals and objectives.

Statements preceded or followed by, or that otherwise include, the words “believes,” “expects,” “anticipates,” “intends,” “project,” “estimates,” “plans,” “forecast,” “is likely to” and similar expressions or future or conditional verbs such as “will,” “may,” “would,” “should” and “could” are generally forward-looking in nature and not historical facts. Such statements are based upon the current beliefs and expectations of our management and are subject to significant risks and uncertainties. Actual results may differ materially from those set forth in the forward-looking statements.

The following additional factors, among others, could cause our actual results, performance, and achievements to differ from those described in the forward-looking statements: our ability to offer merchandise and services that customers want to purchase, including new collections such as our Canvas by Lands’ End™ collection, that are designed to attract new customers and drive demand from core customers; changes in customer preference from our branded merchandise; customers’ use of our digital platform, including customer acceptance of our efforts to enhance our e-commerce websites; customer response to direct mail catalogs and digital marketing and catalogs; the success of our efforts to optimize catalog productivity; the success of our overall marketing strategies, including brand marketing initiatives, some of which, if successful, may not produce positive results in the short term; the success of our efforts to optimize promotions to drive sales and maximize gross margin dollars; our maintenance of a robust customer list; our dependence on information technology and a failure of information technology systems, including with respect to our e-commerce operations, or an inability to upgrade or adapt our systems; the success of our ERP implementation; the success of our efforts to grow and expand into new markets and channels; fluctuations and increases in costs of raw materials; impairment of our relationships with our vendors; our failure to maintain the security of customer, employee or company information; our failure to compete effectively in the apparel industry; the performance of our “store within a store” business; if Sears Holdings sells or disposes of its retail stores, including pursuant to the recapture rights granted to Seritage Growth Properties, and other parties or if its retail business does not attract customers or does not adequately provide services to the Lands’ End Shops at Sears; legal, regulatory, economic and political risks associated with international trade and those markets in which we conduct business and source our merchandise; our failure to protect or preserve the image of our brands and our intellectual property rights; increases in postage, paper and printing costs; failure by third parties who provide us with services in connection with certain aspects of our business to perform their obligations; our failure to timely and effectively obtain shipments of products from our vendors and deliver merchandise to our customers; reliance on promotions and markdowns to encourage customer purchases; our failure to efficiently manage inventory levels; unseasonal or severe weather conditions; the seasonal nature of our business; the adverse effect on our reputation if our independent vendors do not use ethical business practices or comply with applicable laws and regulations; assessments for additional state taxes; our exposure to periodic litigation and other regulatory proceedings, including with respect to product liability claims; incurrence of charges due to impairment of goodwill, other intangible assets and long-lived assets; our failure to retain our executive management team and to attract qualified new personnel; the impact on our business of adverse worldwide economic and market conditions, including economic factors that negatively impact consumer spending on discretionary items; the inability of our past performance generally, as reflected on our historical financial statements, to be indicative of our future performance; the impact of increased costs due to a decrease in our purchasing power following our separation from Sears Holdings (“Separation”) and other losses of benefits associated with being a subsidiary of Sears Holdings; the failure of Sears Holdings or its subsidiaries to perform under various transaction agreements that have been executed in connection with the Separation or our

failure to have necessary systems and services in place when certain of the transaction agreements expire; our agreements related to the Separation and our continuing relationship with Sears Holdings were negotiated while we were a subsidiary of Sears Holdings and we may have received better terms from an unaffiliated third party; potential indemnification liabilities to Sears Holdings pursuant to the separation and distribution agreement; our inability to engage in certain corporate transactions after the Separation; the ability of our principal shareholders to exert substantial influence over us; adverse effects of the Separation on our business; potential liabilities under fraudulent conveyance and transfer laws and legal capital requirements; declines in our stock price due to the eligibility of a number of our shares of common stock for future sale; our inability to pay dividends; stockholders' percentage ownership in Lands' End may be diluted in the future; and increases in our expenses and administrative burden in relation to being a public company, in particular to maintain compliance with certain provisions of the Sarbanes-Oxley Act of 2002; and other risks, uncertainties and factors discussed in the "Risk Factors" section of our Annual Report on Form 10-K for the fiscal year ended January 29, 2016 and other filings with the SEC. We intend the forward-looking statements to speak only as of the time made and do not undertake to update or revise them as more information becomes available, except as required by law.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The market risk inherent in our financial instruments represents the potential loss arising from adverse changes in currency rates. A significant portion of our business is transacted in U.S. dollars, and is expected to continue to be transacted in U.S. dollars or U.S. dollar-based currencies. As of April 29, 2016, we had \$25.3 million of cash denominated in foreign currencies, principally in British Pound Sterling, Euros and Yen. We do not enter into financial instruments for trading purposes or hedging and have not used any derivative financial instruments. We do not consider our foreign earnings to be permanently reinvested.

We are subject to interest rate risk with our Term Loan Facility and our ABL Facility, as both require us to pay interest on outstanding borrowings at variable rates. Each one percentage point change in interest rates associated with the Term Loan Facility would result in a \$2.1 million change in our annual cash interest expenses. Assuming our ABL Facility was fully drawn to a principal amount equal to \$175.0 million, each one percentage point change in interest rates would result in a \$1.8 million change in our annual cash interest expense.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Based on their evaluation for the period covered by this Quarterly Report on Form 10-Q, Lands' End's President and Chief Executive Officer and Executive Vice President, Chief Operating Officer, Chief Financial Officer and Treasurer have concluded that, as of April 29, 2016, the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) are effective.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during the Company's first fiscal quarter ended April 29, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We are involved in various claims, legal proceedings and investigations, including those described below. While it is not feasible to predict the outcome of such pending claims, proceedings and investigations with certainty, management is of the opinion that their ultimate resolution should not have a material adverse effect on our results of operations, cash flows or financial position, except where noted below.

Lands' End's legal proceedings include commercial, intellectual property, employment, regulatory, and product liability claims. Some of these actions involve complex factual and legal issues and are subject to uncertainties. There are no material legal proceedings presently pending, except for routine litigation incidental to the business to which the Company is a party or of which any of its property is the subject, and the matters described below. We do not believe that the outcome of any current legal proceeding would have a material adverse effect on results of operations, cash flows or financial position taken as a whole.

See Part I, Item 1 "Financial Statements - Notes to Condensed Consolidated Financial Statements," Note 9 Commitments and Contingencies - Legal Proceedings for additional information regarding legal proceedings (incorporated herein by reference).

ITEM 1A. RISK FACTORS

There have been no material changes with respect to the factors disclosed in our Annual Report filed on Form 10-K for the year ended January 29, 2016, which was filed with the SEC on April 1, 2016.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the First Quarter 2016 and First Quarter 2015, we did not issue or sell any shares of our common stock or other equity securities pursuant to unregistered transactions in reliance upon an exemption from the registration requirements of the Securities Act of 1933, as amended.

ITEM 6. EXHIBITS
